

Release Notes for 7.0.13599

App	Feature	Type	Comments	Settings/Required Changes
SPOT	Reports	Addition to Existing Feature	Added subtotal to multi-customer stop when broken out by address2	
SPOT	Reports	New Feature	New Coupon Summary Visit Totals report, similar to Coupon Summary but invoice count and invoice totals are for the visit and not just the invoices that qualified for the coupon	
SPOT	Reports	Change	Coupon Summary Report OTS updated to only have invoice counts and invoice totals for the invoices that qualify for the coupon in the visit	
SPOT	Reports	New Feature	New Coupon Summary Visit Totals - OTS report, same as original Coupon Summary - OTS report that is now changed. This will report invoice counts and totals based on whole visit vs. only the invoices that qualify for the coupon in the visit.	
SPOT	Routes	Change	Launching Delivery Console for the Delivery tab in SPOT will now bring the user to the login page, and not automatically log the user in	
SPOT	Reports	Addition to Existing Feature	Company Summary added to the end of Coupon Summary - OTS and Coupon Summary Visit Totals - OTS. Summarizes each coupon by company without breaking out into store/route grouping.	
SPOT	Reports	New Feature	"Coupons Summary - OTS (Entire Visit)" report has been added to SPOT Dashboard
